

PGY2 Ambulatory Care Pharmacy Residency

UCHealth-University of Colorado Hospital/University of Colorado Skaggs School of Pharmacy
(ASHP Accreditation #82155; NMS Program Code 514165)

This PGY2 pharmacy residency program builds on Doctor of Pharmacy education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in the specialized area of ambulatory care practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care. Residents who successfully complete this accredited PGY2 pharmacy residency are prepared for advanced patient care, academic, or other specialized positions, along with board certification in ambulatory care. Graduates of this program are qualified to practice as a clinical pharmacist and/or become a faculty member at a School of Pharmacy or Medicine.

The University of Colorado is an interprofessional, state of the art academic medical center. Our residents have robust clinical training and educational/academic experiences. Residents gain experience in medical writing and publishing, complete a research project of publishable/presentable quality, and are involved with practice management activities.

LEARNING EXPERIENCES:

Required Longitudinal Rotations (entire 12-months)	
Population Health	At the University of Colorado Health (UCHealth) System. Activities within UCHealth involve targeted strategies to improve quality metrics and care gaps for practices within the UCHealth system, ranging from Ft. Collins to Pueblo. However, this experience is based out of the Population Health Pharmacy office on the Anschutz Campus.
Academia	Teaching and other educational activities for PharmD students and Medical Residents
Research	Working with a team of faculty members to complete a research project
Required Core Rotations (3-months; 3 of 4 offerings required)	
Family Medicine*	This clinic site is the School of Medicine's interdisciplinary AF Williams Family Medicine clinic and enables a well-rounded experience with a wide variety of patient populations (e.g., children, adults, elderly, pregnant patients) and providers (physicians, medical residents, nurses/nurse practitioners, physician assistants, psychiatrist/psychologists, and health sciences trainees). Clinical pharmacists provide team-based care, consultative services, direct patient care under collaborative drug therapy protocols, and education.
Geriatrics	The Senior's clinic at the University of Colorado Hospital cares for patients age ≥75 years.
Internal Medicine*	The University of Colorado Hospital Anschutz clinic is the largest internal medicine clinic in our system. This is a medical residency training sites where clinical pharmacists are embedded as a part of the care team.
Primary Care*	Several primary care clinics within UCHealth where clinical pharmacists provide care.

*Option for longitudinal extension

Elective Rotations (over 6 weeks or 3 months)

- Electives are available where University of Colorado Anschutz Medical Campus faculty practice, including UCHealth, Children's Hospital of Colorado, and Clinica Family Health.
- Electives include: anticoagulation/benign hematology, clinical lipidology, diabetes, FQHC clinic, hepatitis C, nephrology, pediatrics, pharmacy education (APhA), psychiatry, solid organ transplantation, etc.

The Teaching Certificate Program and A Structured Program to Guide Residents' Experience in Research are required.

REQUIREMENTS: Doctor of Pharmacy Degree (ACPE accredited), PGY 1 residency, Pharmacist licensure in Colorado throughout the duration of the PGY2 program

BENEFITS: Salary is \$62,775 (2022-2023 stipend). Benefits include: healthcare, 15 days annual leave (and select holidays), and a travel stipend. Residents are appointed as Clinical Instructors with the School of Pharmacy.

APPLICATION: Interested applicants should provide a letter of intent, CV, academic transcripts, and 3 letters of recommendation using the ASHP Pharmacy Online Residency Centralized Application Service (<http://www.ashp.org/phorcas>). The application deadline is January 1.

Send questions to: Liza Claus, PharmD (Liza.Claus@CUAnschutz.edu), or
Joseph Saseen, PharmD (Joseph.Saseen@CUAnschutz.edu)
