

**M. M. G. Krishna:** Excited-State Kinetics of the Hydrophobic Probe Nile Red in Membranes and Micelles

Page 3594. There is a typo in Equation (8). The correct expression is as follows.

$$g(\nu) = g_0 \exp \left\{ -\ln(2) \left( \frac{\ln[1+\alpha]}{b} \right)^2 \right\} \quad \text{for } \alpha > -1$$
$$= 0 \quad \text{for } \alpha \leq -1$$
